

SC-FVC370 | Manual Lamination Machine (Conveyer Belt)

Belt Feed Paper Automatic Winding | Cold Mounting | Single & Double Side

Heating Method	Steel Roller
Pressure Roller Diameter	79mm
Coating Temperature	70~110°C
Paper Thickness	80g~350g
Core Diameter	1in/3in
Heating Time	5~10 Minutes
Coating Speed	1-9 Speed Adjustable (1-3 m/min)
Maximum Film Width	340mm
Anti-crimp Function	Gravity Stretch Anti-Curl Design
Breaking Function	Automatic Breaking
Working Voltage/Power	15A - 220V - 50HZ
Humidity	20%-70%

Digital Tube Display

Key Temperature Control

Dotted Line Function

Electric Pressure Regulation
