

SC-F400

Auto Feed - Lamination Machine

Anti-curling Operation

High Brush LCD Display

Paper Skew Correction

High Precision Mirror Roller

Anti Double Feeding Adjust

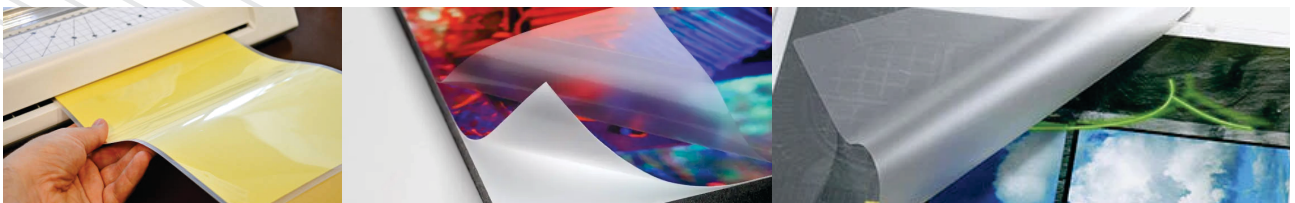

Spring Pressure

SPECIFICATIONS

SC-F400

Max	340 × 630mm
Min	130×210mm
Applicable paper thickness	128-400g/m ²
Applicable scope	Small Batch Hot Film (Cold Film Winding, Hot Stamping Option)
Laminating speed	0-5m/min
Applicable film thickness	≤0.03mm
Pressure mode	Tension spring
Maximum current	10A
Supply voltage	220-240V
Frequency	50-60HZ
Net weight	150kg
Gross weight	180kg
Overall dimensions	1865×600×1600mm
Packing dimensions	1470×730×800mm
