

# 19" Electric Paper Cutter

**7" Touch Screen**

**Smart System**

**Double Guide Rails**

**Thickened Paper Platform**

**Max. Cutting Thickness-80mm**

**Many Sets Of IR Protection**

# Features

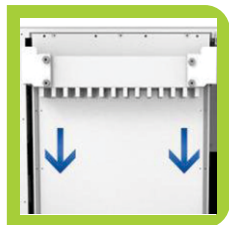

## 7 Inch Touch Screen

Colorful touch screen, touch sensitivity. New design of the operation interface, easy & convenient operation.

## The Whole Cast Super Wide Frame

Integral casting, ensure high structural strength, Stable performance and long life.

## Double Guide Rail Paper Pushing

Push paper fast, High precision, stable & reliable.

## Multiple Groups Of IR Photoelectric Protection

The pair of IR photoelectric protection meet the CE standard, millisecond lever fast response, ensure the safety of operation.

## Fast Cutting

The paper stacking platform adopts special corrugated, making it easier to shift books.

## Manual Adjust Push Comb

Precise numerical control manual paper pushing, cutting alignment fast & convenient, will improve the cutting efficiency.

## Profession HMI Touch Screen

Programming, Equipartition, Manual, memory, automatic cutting arbitrary choice, and support four operations.

# Specifications

Model	4908
Max. Cutting Width	490mm
Max. Cutting Thickness	80mm
Precision	±0.3mm
Press Paper Mode	Electric
Push Paper Mode	Electric
Safety	IR
Voltage	220±10% 50hz
Power	1150W
Display	7" Touch Screen
Paper Push Motor	Stepper Motor
GW	200kgs
Packing Size	1020*820*1350mm
